OJO CALIENTE HOT SPRINGS.

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellings, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranco Station, on the Denver and Rio Grande Railroad, from which point a daily line of stage runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the entire year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering from consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,626.24 grains of alkaline salts to the gallon, being address:

the richest alkaline Hot Springs in the world. The efficiency of these waters has been thoroughly tested by the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m. and reach Ojo Caliente at 5 p. m. the same day. For further particulars of alkaline salts to the gallon, being address:

ANTONIO JOSEPH, Proprietor.

For Catalogue and further information, address the President.

W. E. GARRISON,
Agricultural College, N. Mex.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Santa Fe People Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They cure backache, every kidney ill.

Here is Santa Fe evidence to prove it.

Mrs. Agripina D. de Gonzales, 102 Garcia street, Santa Fe, N. M., says: "In September, 1906, I procured Doan's Kidney Pills at Stripling Burrows & Co's. drug store and used them for backache which had been a source of such annoyance. In the morning when I arose my back was so lame and painful that I could hardly stoop to pick up anything. I knew that my trouble was due to disordered kidneys and I was finally led to try Doan's Kidney Pills by the good reports I heard about them. The contents of one box drove away all my pains and aches and I am happy to say that my cure has been permanent."

For sale by all dealers. Price 50 cents.

Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

TO AND FROM ROSWELL.

Connection made with Automobile line at Torrance for Roswell daily. Automobile leaves Torrance for Roswell at 4 a. m., and arrives at Roswell at 12 noon. Automobile leaves Roswell for Torrance at 1 p. m. and arrives at Torrance at 10 p. m. The fare between Santa Fe and Torrance is \$5.80 and between Torrance and Roswell \$10. Reserve seats on automobile by wire.—J. W. Stockard, manager, Automobile Line.

Chronic Diarrhoea Relieved.

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes: "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old chronic diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by all druggists.

WILL TAKE ANOTHER CHANCE.

Two Million More of Indian Reservation Lands to Be Thrown Open in Northwest.

Spokane, Wash., Aug. 31.—Indications are that many of the 2,000,000 men and women who were not lucky in Uncle Sam's lottery for Indian lands in the Flathead, Coeur d'Alene and Spokane reservations the forepart of this month, will sit in the big jackpot for homesteads in North Dakota and South Dakota, where the Cheyenne river and Standing Rock reservation will be opened next October. The total acreage is 2,237,040, of which 217,360 acres are in North Dakota. Part of the land has been reserved for school purposes and allotments to Indians.

James W. Witten, who conducted the openings in Montana, Idaho and Washington, announced in Spokane today that applications for registration may be filed at Aberdeen, Pierre, Lemmon, Lehigh and Mobridge, S. D., and Bismarck, N. D., beginning October 4 and continuing until midnight October 23. Registry must be made in person and the applications sent to Aberdeen, where the drawing will take place the last week in October. The land is subject to filing and entry on and after April 1, 1910.

John L. Brownell, formerly of Chicago, who has filed without success at every opening following the rush to Oklahoma, remarked when the foregoing was given out by Judge Witten:

"Win or lose, those who 'sit in' may be sure of a square deal, with no marked cards or pasteboards under the table and no tipping off of hands. The losers will know more about geography and the laws of chance, the railroads will pocket large sums of money, the notaries public will wax fat and your Uncle Sam will be rid of a lot of land, which will soon blossom like the proverbial rose, offering homes for thousands of sturdy Americans who are not afraid to take a chance."

TEACHERS INSTITUTE NOTES

(By Daniel C. Ortiz.)

On last Saturday night a reception was given by County Superintendent and Mrs. John V. Conway at their home 345 San Francisco street in honor of the "Hoolies." Mr. and Mrs. Conway can take the prize anywhere in conducting receptions. The guests were treated so nicely that they could scarce find words to express their gratitude. The manner in which the guests were received and entertained was very pleasing.

About eighty-five people enjoyed the affair. All had such a good time that they will never forget it. Beginning at eight o'clock the visitors were entertained by an excellent program. Carnations were used in addition to many other attractive decorations and this with the brilliant lighting made the house a most delightful place. During the evening punch and other refreshments were served. The first thing on the program was an imaginary wedding. Numbers were given the guests, the ladies receiving the even ones and the gentlemen the odd. The ladies' numbers were then thrown into one box and the gentlemen's into another. The numbers were then drawn, one from the ladies' box and one from the men's box, the possessors of the numbers being candidates for marriage. Of course the marriage was not a legal one, being only in fun. Great excitement was caused by the drawing and the guests awaited the result anxiously.

Numbers fourteen and seven were drawn, Miss Rachael Bass being number fourteen and C. F. Miller, number seven. Two more numbers were then drawn to decide the bridesmaid and best man. Miss Elizabeth Doane and Harold Charleton were the successful ones. Professor J. A. Wood was then appointed to serve as the minister. Luckily George W. Armijo was present as a guest so a marriage license was easily secured. When it was made known who the contracting parties were, the principals wanted to elope before getting married, not wanting to be married before so many people. Later they consented to remain so they entered the parlor accompanied by the bridesmaid and best man. Miss Edith Hickox played a wedding march. Then followed the wedding ceremony performed by Professor Wood, which was exceedingly funny. The balance of the evening was spent in singing, music, addresses, dancing and many other kinds of entertainment. Mr. Sixto Garcia entertained by singing and playing the violin. Miss Edith Hickox rendered several delightful selections on the piano. Miss Laura Wood who is an accomplished violinist rendered several solos after which Santa Fe's most popular singer George Armijo, sang a number of favorite songs making a hit with the ladies. Acasio Gallegos assistant superintendent of schools delivered a splendid Spanish address. Miss Lillian Sutherland next delighted those present with selections on the piano. The address of Mrs. George Dixon was next on the program. She was very well received. Mrs. Newton F. Thompson sang "La Golandrina" scoring a hit. Professor Wood then delivered an able address, this being followed by a song by the Misses Bernice and Lillian Sutherland and Gertrude Montgomery. John V. Conway then addressed the assembly. A solo followed by Mrs. James Read. An address by Daniel C. Ortiz

was next, in which Professor Wood, John V. Conway and Mrs. George Dixon were thanked for their excellent instruction during the Institute meeting. All present joined in the singing of the song "New Mexico" whereupon George Armijo addressed the guests. Next followed the singing of the teachers' favorite song, "The Hoolies." Then followed several selections on the violin by George Armijo he being an expert at playing this soul-stirring instrument.

Miss Edith Hickox and Johnny Roberts followed with a piano duet. "The Hoolies" was sang again and then dancing was indulged in. The dance music was furnished by George Armijo and Sixto Garcia.

Pain anywhere stopped in 20 minutes sure with one of Dr. Shoop's Pink Pain Tablets. The formula is on the 25-cent box. Ask your Doctor or Druggist about this formula! Stops womanly pains, headache, pains anywhere. Write Dr. Shoop, Racine, Wis., for free trial, to prove value of his Headache, or Pink Pain Tablets. Sold by Stripling-Burrows Co.

NEW MOTIVE POWER FOR AIR SHIPS.

Static Electric Machine Invented by Spokane Mechanic That Will Revolutionize Aviation.

Spokane, Wash., Aug. 31.—Llano A. Whyte, a machinist, living at 753 Bridgeport avenue, Spokane, claims to have perfected and patented a machine, capable of furnishing any amount of electricity, which will revolutionize aviation and wireless telegraphy and telephony. He has been at work on the principle of static electricity since 1901 and claims to have invented an apparatus, which, in transmitting static electricity to three motors, will generate 150 horse power. He is now at work on an airship of 200 feet in length and capable of carrying a car of 200 pounds which, he announced, will be publicly demonstrated in Spokane within 90 days. The motive power is to be furnished by the static machine. Whyte is backed by a party of local capitalists, who believe his invention has merit and that he will be able to make good on his claims. He has made a model of the big aerial craft to be constructed and with this he has been successful in all kinds of winds.

THE DAILY ROUND UP

(Continued From Page 2.)

District Court at Clayton—District court will convene at Clayton, Union county, with Chief Justice Mills presiding, on next Monday.

Tough on Alfredo—Attorney Elfigo Baca has inserted a notice in the Albuquerque Citizen that he will not be responsible for the debts of Alfredo or Fred Baca. The notice says: "He is 23 years of age, absolutely refuses to do any kind of work, but for the past two years has made an easy living by borrowing from my friends and obtaining goods, carriage hire, etc., on my credit wherever he has been permitted to do so."

Wedding at Las Vegas—At Las Vegas yesterday, Filemon F. Martinez, a well-to-do ranchman of Springer, Colfax county, and Miss Tonita Delgado, daughter of Mrs. Florentina L. de Delgado, were married by Rev. Paul Gilbertson. Mr. and Mrs. Antonio Lucero attended the couple.

Pupils for Indiana School—"Ernest Holiday drove Miss Wood, a government Indian school teacher from Taos to Penasco on Thursday, from which point she will go to Embudo and from there to Santa Fe. Miss Wood was gathering Indian children to be sent to the Indian school. She succeeded in getting 25 Pueblos and 20 Picuris, who will enter the Santa Fe institution, the first of the month."—Taos Valley News.

Bear Plenty Near Taos—"Last week Bert Phillips had a novel experience in the Sangre de Christo mountains. While at work in the forestry service, there appeared suddenly before him an immense grizzly bear. Mr. Phillips said he was a magnificent specimen and when he turned and started away his hind quarters looked as broad as the horse which Mr. Phillips was riding. The bear started to run, but now and then stopped and turned to look at Mr. Phillips and presented a most beautiful chance for a shot, but the forest ranger was without a gun, and brim was safe from harm. In speaking of the meeting with this big grizzly, Mr. Phillips declared that it was one of the most interesting and exciting moments he has known in all his many experiences in these mountains. The movements of the big brute were swift, while heavy, and had a certain grace about them that was very marked as the grizzly made his way to safety. Last week also, two Indians saw three bear up in Raspberry canon, but they, too, were without guns, so that the bear scampered safely to a place of refuge with her two cubs. All this goes to show that big game is plenty about Taos."—Taos Valley News.

Granulated Sore Eyes Cured. "For twenty years I suffered from a bad case of granulated sore eyes, says Martin Boyd, of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by all druggists.
